**Box 8.** If you received an annuity contract as part of a distribution, the value of the contract is shown. It is not taxable when you receive it and should not be included in boxes 1 and 2a. When you receive periodic payments from the annuity contract, they are taxable at that time. If the distribution is made to more than one person, the percentage of the annuity contract distributed to you is also shown. You will need this information if you use the 10-year tax option (Form 4972).

**Box 9a.** If a total distribution was made to more than one person, the percentage you received is shown.

**Box 9b.** For a life annuity from a qualified plan or from a 403(b) plan (with after-tax contributions), an amount may be shown for the employee's total investment in the contract. It is used to compute the taxable part of the distribution. See Pub. 575.

**Boxes 10-15.** If state or local income tax was withheld from the distribution, boxes 12 and 15 may show the part of the distribution subject to state and/or local tax.
